02. Read the following poem and answer the questions.

Mr. Yes and Mr. No

Could not decide which way to go
They walked all day. They walked all night.
They first turned left, and then turned right
They ran along a railroad track
Then turned around and came right back.
They wandered in and out of town.
They hiked up hills and stumbled down.
They strolled in straight lines, circles, squares.
They climbed up ladders, stomped down stairs,
But everywhere they ever went
They wound up there by accident
Because the two could not agree
On where to go or what to see.
We don't know where they are today.
They've wandered off and gone astray.
And no one has the slightest guess
Where Mr. No and Mr. Yes
have ended up and might be found.
